Spiritual, Moral, Social and Cultural Policy

This policy relates to all sections of St Joseph's College, including the Early Years Foundation Stage.

Introduction

At St Joseph's College we aim to raise the awareness of our pupils in all aspects of SMSC as they develop through the College. Within the teaching of the curriculum there are many opportunities to develop the Spiritual, Moral, Social and Cultural awareness of the pupils. These are highlighted through Department Schemes of Work and can be found in the relevant departmental handbooks. The PSHEE programme, assembly programme, charity initiatives and cultural experiences are all additional ways in which SMSC development is enhanced throughout the College for all pupils.

The College Community

Our Christian community, built on mutual respect, personal responsibility and making a positive contribution to the College and wider community, all enhance the development of SMSC within our students. Our aim is that the relationships between staff and students and all other members of our community should provide tangible evidence of SMSC in action.
