Ethos

This College seeks to provide, within its structure, an experience of Christian community. In such an atmosphere, maximum learning can take place and young people will be helped to develop their full potential academically, physically, emotionally and spiritually. By enabling them to experience what it is to live in a caring community, it is hoped that all pupils will go on to become creators of a more just and peaceful society in the future.

St Joseph's is a community of people, united in serving the needs of its pupils. A highly professional and caring staff offers a broad, balanced and relevant curriculum to all pupils which prepares them for academic achievement and sees each pupil as an individual with their own strengths and aspirations.

Religious Belief and Practice

St Joseph's is a Catholic school. Pupils of other faiths and denominations are welcomed and encouraged to make an active contribution to the spiritual life of the School. Pupils are educated in an atmosphere where Christian values and standards are recognised and established. Morning assemblies are held regularly and parents are always welcome at the College's major liturgical events including the Christmas and Easter celebrations.
